Welcome to DoD TAP

The Transition Assistance Program (TAP) provides information, tools, and training to ensure Service members and their spouses are prepared for the next step in civilian life whether pursuing additional education, finding a job in the public or private sector, or starting their own business. This redesigned TAP is the result of an interagency collaboration to offer separating Service members and their spouses better, more easily accessible resources and information to make their transitions more successful.

From this site, Service members and their spouses can:

- Learn about the new [Transition GPS](#) (Goals, Plans, Success) curriculum
- Determine how and where to start preparing for their transition to civilian life
- Discover a host of online resources regarding VA benefits, financial planning assistance, and assessing and documenting their skills for transition to civilian life
